

Baychester Youth Council, Inc.

1220 East 229th Street

Bronx, NY 10466

Earnestine Russell, Executive Director

For anyone interested in helping children with their schoolwork in a comfortable community setting, the Baychester Youth Council may be perfect for you. Your primary responsibility as a “Homework Helper” will be to assist students with their academic tasks (research, reports, projects, homework, etc.).

Baychester Youth Council also offers various forms of help for young adults from 13-20 years of age. Choosing to intern at this site would be a great idea since you will be able to intern, learn, and help while benefiting from what this valuable environment has to offer young adults.

The dress code for this worksite is casual. For any further information regarding this worksite, the job descriptions contained above, or for internship placement, please contact your internship coordinator.

BEDFORD-STUYVESANT VOLUNTEER AMBULANCE CORPS

727 Greene Avenue
Brooklyn, NY 11221
(718) 453-4617

As a volunteer organization, BSVAC depends on volunteers to dispatch calls, ride the ambulance, and ensure that the ambulance and medical equipment meet the rigorous requirements under which NYS volunteer ambulance corps operate. BSVAC also depends on volunteers for many other functions, including bookkeeping, clerical and administrative assistance, and cleaning and maintaining BSVAC's headquarters.

Volunteers who ride the ambulance and provide patient care must meet training and certification requirements. They must apply for membership and must follow BSVAC operating procedures and policies, including performing regular service and attending required meetings.

Join the Trauma Troopers! Ride the ambulance or to help out at headquarters.

The Bedford-Stuyvesant Volunteer Ambulance Corps (BSVAC), the nation's first minority-run volunteer ambulance corps, was founded in 1988 by two EMS workers, Captain James "Rocky" Robinson and Specialist Joe Perez. BSVAC has greatly improved emergency care in the Bed-Stuy community and trained countless youngsters and adults in life-saving skills.
